## Tell me a bit about you!

### Where did you hear about me?

I suggest that boys be neutered between 6 and 7 months as he needs time to develop and needs to be at least 2kg in weight. Girls should have reached adulthood, between 9 and 10 months of age, before spaying. They should be checked and booked in at the vets between 6 and 7 months of age.

I am passionate about promoting the breed and will sell for breeding. I believe if you want 1 or more litters, or you are considering becoming a breeder, you need to do your research. Understand the breed and colours. Get them DNA tested, as this will tell you their correct colour, and the colours they carry. Be part of a cat club,(I pay for the 1<sup>st</sup> year's membership to the Midshires Siamese Cat Association), follow the GCCF ethics, apply for a prefix, and become part of the GCCF Breeder Scheme .

Showing is part of it and great fun.

I'm happy to help those that want to do it properly. Helen Elliott: SERAPIS since 1986
